Office phone calls have
never been so comfortable

Hush
acoustic
office
solutions

We provide separate mobile spaces, replacing stress with harmony & peace.

Modern workplaces are adapting to the needs of the people who perform their jobs in them. More and more employees express the desire to find acoustic solutions which would let them work in peace and be more effective. Providing special zones for phone calls

and videoconferences has become one of the crucial elements of an office that is friendly and open to the needs of employees. The best solutions should be flexible and inexpensive to implement, and this is exactly what we provide.

— Hush Phone is a perfect place for:

Private
videoconferences

Trade
negotiations

Confidential telephone
conversations

— We thought about everything

Compact

Hush Phone occupies only 1 square meter – the small dimensions and weight allow it to be set or adjusted to the current needs of any organisation.

Functional

Equipped with lighting, a ventilation system, a folding laptop table, and 230V & USB sockets.

Comfortable to use

Thanks to the armrest, a movement sensor which activates the lighting and ventilation, and a rear wall made of glass, the Hush Phone provides an excellent user experience.

Easy adaptable

The thoughtful design and configuration options mean that the Hush Phone can be easily integrated into any office space.
